Dennis no needs yet but the state received an EM, which is a step up from the surge mission, you will hear from George (Gee) Jeffers about the transfer from the Surge mission assignment to the EM or from Dave Ormes. You may want to discuss the Contract costs with Dave and if the team is needed funding will need to be added to the mission. But as you said, EPA has its own authorization. Just let Dave or Gee know.

We will have shift change around 7ish, thanks for your help and the quick response.

Tom
